Package Description:

Program(s): 010 020 040 050 060 080 110 150

HIPAA was signed into law August 1996. This reform covers health care fraud and abuse prevention, medical liability reform, and administrative simplifications. Administrative Simplification is being implemented in three rules. This package requests funding to be in compliance with rule three, Security.

The department is currently developing project plans for implementing program area changes to be compliant with the first two rules. The draft Security Rule has been released, with the final version scheduled for release in the fourth quarter of federal Fiscal Year 2002. As currently written, the draft Security Rule suggests that implementing good security practices is required to secure protected health information (health information that is individually identifiable.)

Good security practices are a combination of many things, including consistent implementation and enforcement of agency security policy, keeping software patches current, maintaining anti-virus packages, implementing agency firewalls, intrusion detection, auditing user access to applications and systems, secure authentication (such as hardened passwords), implementation of sanctions, and user training.

While most of these security practices are addressed in the current DSHS IT Security Policy Manual (ITSPM), the final version of the Security Rule may require modification of existing policies and procedures. An increased level of auditing is necessary for network-based systems. This impacts system resources, which may require hardware/software upgrades to accommodate the increased load, and will require more technical staff time to review and investigate logs. There will be hardware and staffing costs to implement an agency firewall service. Ongoing costs are associated with increased staffing to support the increased auditing, and firewall services.

Narrative Justification and Impact Statement

How contributes to strategic plan:

Program(s): 010 020 040 050 060 080 110 150

This decision package meets the agency balanced scorecard goal of integrating and coordinating information systems.

Reason for change:

Program(s): 010 020 040 050 060 080 110 150

Implementation of this rule is a federal mandate. Timely implementation is imperative to prevent fines or sanctions from Department of Health and Human Services (DHHS) for non-compliance. This decision package addresses DSHS' need for funding to implement the HIPAA Security Rule.

Impact on clients and services:

Program(s): 010 020 040 050 060 080 110 150

The implementation of the HIPAA Security Rule does not directly impact clients or services. Implementing additional security practices and enhancing existing practices will improve confidentiality of client and staff information.

DSHS clients are stakeholders. This rule may give clients more confidence that their health information is being adequately protected. DSHS clients are likely to be supporters of the rule.

Impact on other state programs:

Program(s): 010 020 040 050 060 080 110 150

Implementation of the HIPAA Security Rule impacts all DSHS administrations. It also impacts other state agencies such as: Department of Health, Health Care Authority, Department of Corrections, Veterans Affairs, and Department of Labor and Industries.

Relationship to capital budget:

Program(s): 010 020 040 050 060 080 110 150

Not applicable

Required changes to existing RCW, WAC, contract, or plan:

Program(s): 010 020 040 050 060 080

Implementation of the HIPAA Security Rule requires DSHS to modify existing agency policies and procedures on security.

Program(s): 110

Implementation of the HIPAA Security Rule requires DSHS to modify existing agency policies and procedures on security.

Program(s): 150

Implementation of the HIPAA Security Rule requires DSHS to modify existing agency policies and procedures on security.

Alternatives explored by agency:

Program(s): 010 020 040 050 060 080 110 150

Implementation of the HIPAA Security Rule is a federal mandate. There are no alternatives available to DSHS except to risk paying fines or penalties for non-compliance.

Budget impacts in future biennia:

Most costs, with the exception of equipment and project salaries and benefits, would continue in future biennia.

Distinction between one-time and ongoing costs:

Program(s): 010 020 040 050 060 080 110 150

One-time cost include project salaries and benefits associated with assessing system requirements, system modifications, and implementing system safeguards as well as hardware and software purchases.

Ongoing costs include salaries and benefits associated with oversight, implementation of necessary changes, and changes to policies and procedures and maintenance of an audit log.

Effects of non-funding:

Program(s): 010 020 040 050 060 080 110 150

If the HIPAA Security Rule is not funded it may require DSHS to divert funding from client services to Security Rule implementation. Failure to implement the HIPAA Security Rule may result in federal fines or penalties.
